## Smart Chart: Jeweled Nails

This season, adorn your fingertips with jewel-toned polishes. Find your perfect shade and you'll feel as luxe as you would if you were wearing the real thing. BY JILL PERCIA

### Topaz

A pinkish gold nail polish complements fair and tawny skin. Olive skin looks great in deep copper tones, while glittery, yellow gold polishes look best on dark skin.

### Amethyst

Fair skin looks good in deep, shimmery plum; olive-skinned girls should go for a reddish purple; tawny skin looks great in glittery eggplant; and dark skin can wear vibrant violet.
